PROFILES

Exterior Trim

CanExel® Prefinished Exterior Trim by Maibec is engineered to be a perfect colour and texture match for the CanExel siding collection — and works equally well alongside other siding types. Made from durable wood fibers, phenolic resins, and zinc borate via the TEC™ process, each trim board delivers superior resistance to moisture, rot, and termites. The cedar woodgrain surface finish is available in four pre-finished colours — White, Mist Grey, Granite, and Black — in 4" and 5" widths, with White also available in 6" and 8". Primed options extend the range to 10" and 12" widths. All pieces are 16 feet long and can be installed horizontally or vertically. Backed by a 25-year limited warranty and ICC-ES ESR-3043 compliance.

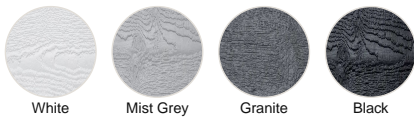

Key Features

- Perfect colour and texture match for Maibec CanExel engineered siding
- Cedar woodgrain surface texture on all pre-finished colours
- Moisture, rot, and termite resistant — zinc borate treated HDF core
- 25-year limited warranty
- Compatible with other siding types — versatile trim solution
- Horizontal and vertical installation
- ICC-ES ESR-3043 code compliant
