

DENTIL TRIM
KAYCAN

Dentil Trim

SKU: 5570

PROFILES

Square Tooth / Scalloped Tooth

Kaycan Dentil Trim is a vinyl decorative cornice molding available in Square Tooth (Item #5570) and Scalloped Tooth (Item #5569) profiles. Each box contains 4 pieces at 8' each (32 linear ft/box). The complete system includes Corner Block – Outside, Corner Block – Inside, and End Cap Trim accessories for no-mitre installation at corners and terminations.

Key Features

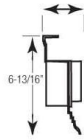

- {"Two decorative tooth styles: Square Tooth and Scalloped Tooth", "Adds distinctive architectural character to home exteriors", "No-mitre corner system — Corner Block Outside and Inside accessories", "End Cap Trim for clean run terminations", "Special order product — confirm availability with your Kaycan distributor", "8' lengths, 4 pieces per box (32 linear ft per box)"}

Profiles & Specifications

SQUARE

Square Tooth Dentil Trim

Traditional square-block dentil molding for classic colonial and Georgian architectural styling. Evenly spaced rectangular blocks run the full length of the trim piece. Compatible with Corner Block and End Cap Trim accessories for a complete no-mitre installation.

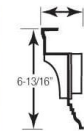

Length	8' (2.44 m) per piece
Height / Width	6-13/16" height
Coverage	32 linear ft per box (4 pieces x 8')

* Item #5570. Special order product.

SCALLOPED

Scalloped Tooth Dentil Trim

Alternative tooth-style dentil molding for traditional styling. Shares the same dimensions and system accessories as the Square Tooth profile.

Length	8' (2.44 m) per piece
Height / Width	6-13/16" height
Coverage	32 linear ft per box (4 pieces x 8')

* Item #5569. Special order product.

Compatible Accessories

Corner Block – Outside

6-5/16" wide x 6-15/16" tall x 3-7/16" depth
Item #5573. Fits outside (convex) corners. No mitre cutting required — simply butt dentil trim into each side of the corner block.

Corner Block – Inside

6-1/4" wide x 6-15/16" tall x 3-5/16" arm width
Item #5574. Fits inside (concave) corners. No mitre cutting required.

End Cap Trim

3-5/16" wide x 6-15/16" tall
Item #5571. Terminates a dentil trim run at a wall or opening with a finished decorative end. Available as left and right end caps.

Installation Guide

- 1 No-mitre system: use Corner Block – Outside at convex corners, Corner Block – Inside at concave corners, and End Cap Trim at run terminations. Butt dentil trim pieces squarely into each accessory — no angle cutting required.
- 2 Packaging: each box contains 4 pieces x 8' = 32 linear feet. Special order product — confirm availability with your Kaycan distributor before ordering.
- 3 Confirm availability with your Kaycan distributor before ordering — dentil trim is a special order product.
