PROFILES

U-Snap vinyl eavestrough

Kaycan's U-Snap Vinyl Rainware exceeds the most stringent industry and government standards, built on 40+ years of Canadian manufacturing experience. The reinforced gutter rim prevents bowing and sagging while permanently welded Plastmo cement joints create a truly seamless system — no compression seals, no gaps. Heavy-duty brackets handle the weight of heavy ice and snow, and snap-apart downspouts with smooth joints make maintenance and cleaning effortless. Solid vinyl construction resists air pollution, acid rain, and salty sea air, and won't leak, chip, rust, dent, or peel. Available in white with a full ribbed downspout accessory lineup.

Key Features

- Exceeds most stringent industry and government standards at all stages of manufacturing
- Heavy-duty brackets — withstand weight of heavy ice and snow in extreme climates
- Easy to clean — snap-apart downspouts, smooth joints, no sharp edges, unhindered water flow
- Scratch-resistant solid vinyl — won't leak, chip, rust, dent, or peel
- Available in White with ribbed downspout system
- Reinforced gutter rim — prevents bowing, warping, or sagging
- Permanently welded joints using Plastmo cement — truly seamless, no compression seals
- Precise snap-together engineering — installs faster than other systems, no special skills or tools
- Unaffected by air pollution, acid rain, salty sea air, or leaf acid
- 40+ years of Canadian manufacturing experience

Installation Guide

- Snap-together components — precise engineering for effortless assembly in less time than other systems
- Cut easily with a hacksaw; join with Plastmo Cement for a permanent, seamless joint — no special skills or tools needed
- Reinforced gutter rim prevents the gutter from bowing, warping, or sagging
- Heavy-duty brackets support weight of heavy ice and snow — designed for extreme Canadian climates
- Gutter joints permanently 'welded' with Plastmo cement — no compression seals; acts as one seamless piece
- Snap-apart downspouts easily removed for cleaning and house painting — smooth joints, no sharp edges
- Solid vinyl — won't leak, chip, rust, dent, or peel; unaffected by air pollution, acid rain, salty sea air, or leaf acid
- Available in White only
- Ribbed downspout system (K150): Elbow (K130) · Connector (K210) · Bracket (K140) · Swing-up Outlet (K180)
