KAYCAN

Kaycan Vinyl Trims

SKU: KYC-VINYL-TRIMS

WARRANTY

Lifetime Limited Warranty for original homeowner

Kaycan Vinyl Trims provide everything needed to professionally finish a vinyl siding installation — from starter strips that lock the first course to decorative 6" insulated corner posts and architectural window surrounds. Built with Duratron™ Vinyl Technology and available in Kaycan's full colour palette, these trims are designed to coordinate seamlessly with Kaycan siding and soffit systems. All products are designed, developed, and manufactured in Canada.

Profiles & Specifications

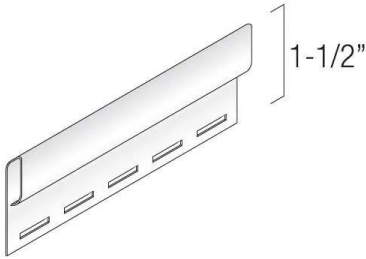

GRP-GENERAL

General & Starter Trims

1066

Undersill Trim

Used to secure a cut vinyl siding panel underneath the bottom of a window and the top sheet on the house wall.

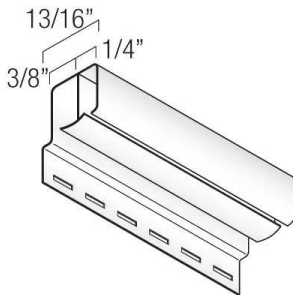

Length	12 2
Dimensions	1-1/2" height
Pcs/Carton	24

VT2DUT

Dual Undersill Trim

Double slot accepts a bevel or a dutch lap siding panel.

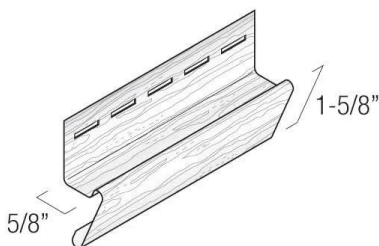

Length	12 2
Dimensions	3/8" face x 13/16" wide x 1/4" slot
Pcs/Carton	24

1175

Vertical Base Trim

Used for transition from horizontal to vertical siding. The vertical base trim locks to the horizontal siding.

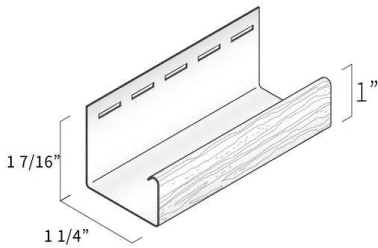

Length	12 2
Dimensions	5/8" channel x 1-5/8" face
Pcs/Carton	24

1035

1" J Trim

Standard trim used around doors and windows.

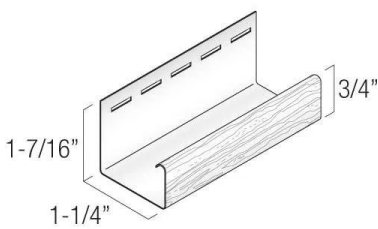

Length	12 2
Dimensions	1-7/16" height x 1-1/4" depth x 1" face
Pcs/Carton	40

1045

1 1/4" J Trim

Used for deeper profiled siding or when insulation is being used behind the siding.

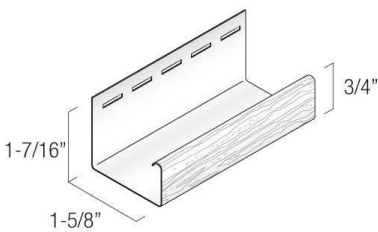

Length	12 2
Dimensions	1-7/16" height x 1-1/4" channel x 3/4" face
Pcs/Carton	24

1059

1 1/2" J Channel

Used when insulation is behind the siding.

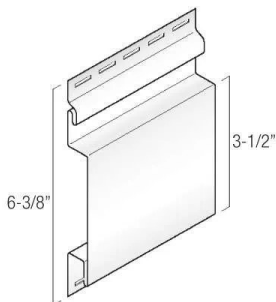

Length	12 2
Dimensions	1-7/16" height x 1-5/8" channel x 3/4" face
Pcs/Carton	24
Availability	White only

106201

Double 3 1/2" J Channel

'Belly trim' with 3 1/2" face and a built-in 'J' — used as a 3 1/2" band in a horizontal siding wall.

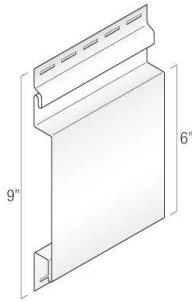

Length	20 2
Dimensions	3-1/2" face x 6-3/8" total height
Pcs/Carton	12

106301

Double 6" J Channel

'Belly trim' with 6" face and a built-in 'J' — used as a 6" band in a horizontal siding wall.

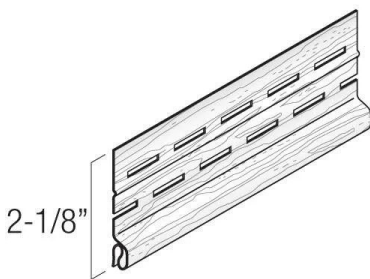

Length	20 2
Dimensions	6" face x 9" total height
Pcs/Carton	16

1085

Vinyl Starter Strip

Starter strip used to lock the first row of siding in place. Offers a positive lock.

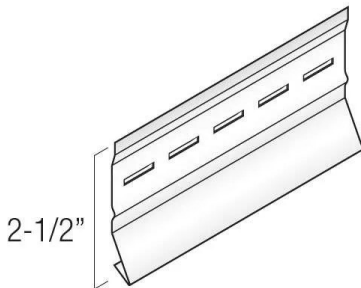

Length	12 2
Dimensions	2-1/8" height
Pcs/Carton	24

1082 / 1083

Kaylock Starter Strip

Metal starter strip used to lock the first row of siding in place. Offers a snap lock.

Length	10 2
Dimensions	2-1/2" height
Pcs/Carton	50 (1082) / 30 (1083)

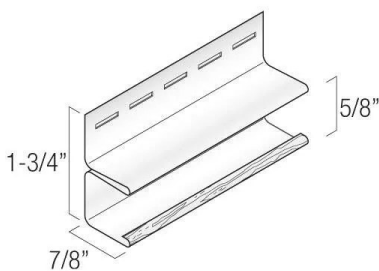

GRP-SOFFIT

Soffit Trims

1178

F Trim

Trims with a 1/2" wide channel, used at the top of the wall and on the bottom of the fascia board to insert soffit.

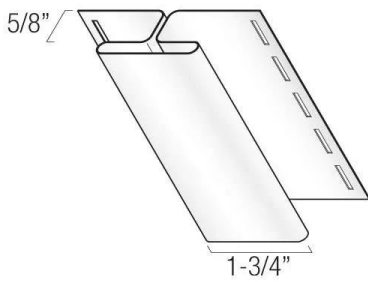

Length	12 2
Dimensions	5/8" channel x 1-3/4" face depth x 7/8" bottom
Pcs/Carton	28

1179

H Trim

Used to add a break in a wall or ceiling of vertical siding and soffit.

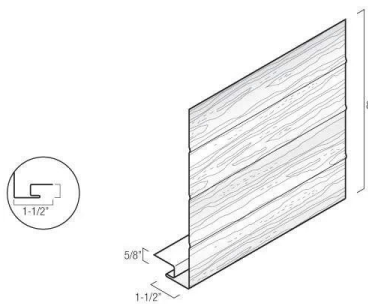

Length	12 2
Dimensions	5/8" height x 1-3/4" width
Pcs/Carton	12

0490 / 0494

8" Vinyl Fascia

8" vinyl fascia used to finish the exterior of the structure with integrated 1 1/2" wide channel for soffit. The fascia can be cut down to fit various structure heights.

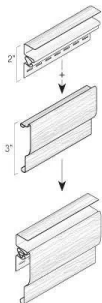

Length	9 2–10 2
Dimensions	8" face x 5/8" soffit channel x 1-1/2" bottom return
Pcs/Carton	16 (0490) / 24 (0494)

VTFBR

Frieze Trim

Can be used in combination with the Large Crown Mold. The top channel of the frieze is designed to accommodate the soffit, while the Large Crown Mold snaps into the bottom channel and covers the top of the siding wall and undersill trim.

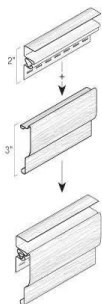

Length	12 2
Dimensions	2" face
Pcs/Carton	48

VTCMD

Large Crown Mold

Used in combination with the Frieze Trim — snaps into the bottom of the Frieze Trim and covers the top of the siding wall and undersill trim.

Length	12 2

Certifications & Testing Standards

Kaycan Vinyl Trims meets or exceeds the following Canadian and international performance standards.

- Duratron™ Vinyl Technology — ensures durability and long lasting performance
- Designed, developed and manufactured in Canada

Installation Guide

Critical Installation Rules

- 1 Available in a wide palette of colours to match Kaycan vinyl siding.
- 2 Not all colours are available in all profiles — contact your local Kaycan representative for specific availability.
- 3 1!J" J Channel (1059) available in white only.
- 4 1!J" Flexible J Trim (2095) available in white only.

- 5 Choosing a contrasting trim colour adds a bolder accent to your home's personality; matching the siding colour creates the appearance of a larger home.
