Profiles & Specifications

FLAT

Flat Panel Header

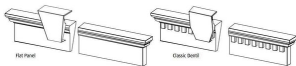

Clean flat-profile header with a subtle cornice overhang. Smooth face with no decorative detail. Available in both 6" and 9" header heights across all standard widths. Match the colour to shutters or siding for a coordinated look.

DENTIL

Classic Dentil Header

Header with ornamental evenly spaced square tooth-block (dentil) detail running the full width of the face. Available in 6" header height for all standard widths; 9" height available in 73-5/8" bottom width only (Item #5210).

Installation Guide

- 1 Surface mounts directly on any exterior surface above windows or doors — solid one-piece construction, no special framing required.
- 2 Headers can be cut in the centre for special sizing in the field — a keystone ships with every header and is used to cover the cut.
- 3 Match the header colour to the shutters or to the siding for a multitude of beautiful design combinations.
- 4 Special order product — confirm availability with your Kaycan distributor before ordering.
