

SMARTPAVE
PRO MATERIALS

Pro Materials SmartPave Snow Melting Pavers

SKU: PM-0015

PROFILES
Paver

Pro Materials SmartPave Snow Melting Pavers are equipped with built-in heating elements that activate automatically when temperature and moisture sensors detect cold and wet conditions, melting snow and ice on contact. Slip resistant, moisture resistant, and built from sustainable materials for long-lasting performance. Compatible with Temperature & Moisture Sensors and Smart Controllers.

Key Features

- Built-in heating elements
- Melts snow and ice on contact
- Moisture resistant
- Sustainable materials
- Automatic activation via temperature and moisture sensors
- Slip resistant
- Long-lasting

Profiles & Specifications

SmartPave Snow Melting Paver

Snow Melting Pavers with built-in heating elements that activate automatically when sensors detect cold and moisture, melting snow and ice on contact. Slip resistant, moisture resistant, long-lasting, and made from sustainable materials.

Heating	Built-in heating elements
Activation	Automatic — triggered by temperature and moisture sensors
Slip Resistance	Yes
Moisture Resistance	Yes
Lifespan	Long-lasting
Materials	Sustainable

Compatible Accessories

Temperature & Moisture Sensors

Sensors that detect cold and moisture to trigger the heating elements automatically

Smart Controllers

Smart control systems for the snow melting heating elements
