PROFILES
2-Sided Fluted

Pro Materials WPC Fluted Wall Panels (2-Sided) bring a premium co-extrusion finish to both interior and exterior cladding projects. The 2-sided fluted profile - measuring 141.73" x 9.44" x 0.78" - creates depth and texture on any facade. Built from Wood Plastic Composite with a co-extrusion surface for superior UV stability, the panels are waterproof, anti-termite, and completely maintenance-free. No staining, no painting, ever. Available in Charcoal, IPE, and Oak. Backed by a 20-Year Warranty.

WPC Fluted Wall Panel - 2-Sided Co-Extrusion

Very strong, maintenance-free, durable outdoor WPC panels that are scratch, dent, and damage resistant — a practical alternative to timber. The 2-sided fluted co-extrusion profile works for both interior and exterior surface and façade applications. Panels never need staining or painting, are moisture resistant for use in wet locations, and won't deteriorate over time. Simple to install.
