PROFILES  
Louver

Pro Materials WPC Louver Privacy Screen boards are durable, impact resistant, and wear resistant composite panels designed for outdoor privacy screens and fences. Built from high-density WPC with strong UV resistance and stable color retention. Available in two profiles — 2" x 4" rectangular and 2" x 2" square — both at 12 feet in length. Waterproof, moisture and corrosion resistant, recyclable, and completely maintenance-free. Available in Rosewood, Chocolate, Teak, and Coffee.

## Key Features

- Two profiles: 2x4" rectangular and 2x2" square
- Waterproof, moisture and corrosion resistant
- Durable, impact and wear resistant
- DIY installation
- UV resistant, stable color retention
- Never cracks, deforms or expands
- Low maintenance, no painting or glue
- Recyclable and environmentally friendly
