

RESTORATION MILLWORK®
CERTAINTEED

Restoration Millwork® Cortex Hidden Fastening System

SKU: CT-RM-CORTEX-FASTENERS

WARRANTY

25-year limited warranty

PROFILES

2" Smooth · 2" Wood Grain · 2¾" Wood Grain — 50 LF & 250 LF packages

The Restoration Millwork® Cortex Hidden Fastening System by CertainTeed is the professional finishing solution for PVC trim installations that demand a clean, seamless look. Each package contains screws, matching cellular PVC plugs, and setting tools — the plugs snap over screw heads and blend into the trim face, eliminating visible fasteners without any paint touch-up. Available in Smooth and Wood Grain plug finishes to match the trim face, with 2" screws for ¾" (1x) trim and 2¾" screws for 5/4" trim. Choose 250 LF contractor packs or 50 LF starter packs. Replacement plug packs (40 LF) are also available. Compatible with all Restoration Millwork® PVC trim products.

Key Features

- Concealed fastening — no visible screw heads after installation
- Available in Smooth and Wood Grain plug finishes to match trim face
- 250 LF contractor packs and 50 LF starter packs available
- UV-resistant PVC plugs resist yellowing
- Class A (Class 1) Flame Spread Classification
- 25-year limited warranty
- Each package includes screws, PVC plugs, and setting tools
- 2" screws for ¾" (1x) trim; 2¾" screws for 5/4" trim
- Replacement plug packs (40 LF) available for repairs and additions
- Paintable to match any exterior colour
- Meets ICC and CCMC code requirements

Certifications & Testing Standards

Restoration Millwork® Cortex Hidden Fastening System meets or exceeds the following Canadian and international performance standards.

- Flame Spread ASTM E84 — Class A (Class 1)
- Code Compliance — ICC and CCMC

Installation Guide

- 1 Use 2" screws for 3/4" (1x) trim boards; use 2 3/4" screws for 5/4" trim
- 2 Drive screw flush, then use the setting tool to snap plug over screw head
- 3 Plugs are available separately (40 LF packs) for repairs or additions
- 4 Use PVC cement (Extreme PVC Trim Welder® or Partite® Adhesive) for mitre and scarf joints
- 5 Remove protective film from trim boards after installation to avoid adhesive residue
- 6 Refer to the Kaycan Restoration Millwork® installation manual for complete fastener schedules and gap allowances
